Experience

Virtual Solution

I am a passionate Frontend Developer with hands-on experience in building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.js. I have successfully completed a 3-month internship at *Visual Solution Software House*, where I worked on frontend development using HTML, CSS, Bootstrap,

Codev

I interned at *Codev Software House*, where I focused on modern React.js-based web applications. My expertise includes working with SCSS, React-Bootstrap, Sweet Alert, Chart.js, Apex Charts, and ScrollReveal.js. I specialize in converting UI/UX designs into pixel-perfect, high-performance code while ensuring responsiveness and cross-browser compatibility.
